WHAT WE OFFER:

- **CHOICE**

A pricing choice on most major brands and models of highspeed handpieces. One repair option uses genuine original equipment manufacturer (OEM) parts, while the other uses a high-quality, economical Non-OEM alternative. See the reverse side of this form for more information and for eligible handpiece models.

- **FAST TURNAROUND**

We offer FREE e-mailed shipping labels with express returns, and a 24-hour in-house turnaround on all high-speed repairs not requiring an estimate.

- **PEACE OF MIND**

Our technicians are factory trained and certified to perform precision repairs that meet or exceed all manufacturers' specifications. We match manufacturer warranties up to a full one year.

INSTRUCTIONS TO TECHNICIAN:

No Estimate Required (24-hour/same day turnaround does apply)

Note: If under warranty, please indicate under the HP Information section.

Be sure to include paperwork supporting the warranty in order to avoid delay.

Estimate Required (24-hour/same day turnaround does NOT apply)

Note: Requesting an estimate will delay your repair.

BencoDental™

SETTING UP YOUR REPAIR:

Contact our Repairs Experience Specialists at 800.GO.BENCO (800-462-3626) extension 2023, by email at RepairCS@benco.com or at www.benco.com/equipment/services/in-house-repairs/. Our team will provide you with a repair order number and shipping label to send to your repair in. Handpiece repair shipping packs can also be ordered at no additional charge to your office.

HANDPIECE REPAIR OPTIONS:

You can choose between genuine, original equipment manufacturer parts (OEM) or a high-quality alternative (Non-OEM). Our high-quality non-OEM parts are always new and never rebuilt. Our non-OEM repairs allow you to choose between a six month or a twelve month warrant option to your high speed handpiece.

Whether you choose non-OEM or OEM parts, all repairs and testing are performed by factory trained and certified technicians using the original manufacturer's specifications using digital RPM and chuck retention testing.

Pricing for all handpiece repairs include flushing of air and water lines, cleaning and polishing the handpiece, replacement of worn or damaged o-rings and seals, and lubrication if needed.

Non-OEM High Speed Repair Pricing	Repair Cost	Warranty
Adec/Kavo/Midwest/NSK/Star	\$199	6 MO
Adec/Kavo/Midwest/NSK/Star	\$299	1 YR

All Non-OEM repairs are given the same testing as OEM repairs and must pass original manufacturer specification.
